

- **Charanka Solar Park** is being built on a 2,000-hectare plot of land near Charanka village in Patan district, northern Gujarat.
- **The Welspun Solar MP** project is a 151 megawatt (MW) photovoltaic power station built in Bhagwanpura village, just south of Diken, Jawad tehsil of Neemuch district, Madhya Pradesh state, in central India.
- **Mahagenco plans 125 MW solar power project** in Malkhed village in Yavatmal district in Maharashtra, which will entail an investment of Rs. 11,000 million.
- **Green Energy Development Corporation of Odisha Ltd. (GEDCOL)** has been incorporated under the companies act, 1956 as a public limited company on 18.04.2013.
- **Tata Power Solar**, India's largest specialized solar EPC player, has successfully commissioned the 50 MW solar photovoltaic project for NTPC. The 50MW flagship project in Rajgarh, Madhya Pradesh, is the largest Indian solar project to use domestically manufactured solar modules.
- **Welspun Energy 50MW Rajasthan Solar Project** is in Phalodhi, distt. Jodhpur Rajasthan.
- **Bitta Solar Power Plant** is a 40-megawatt solar power plant located in Bitta village, Gujarat, in west India.
- **The Dhirubhai Ambani Solar Park** at Dhursar village near Pokhran in the Jaisalmer district of Rajasthan is a 40-megawatt photovoltaic power station, commissioned in 2012.
- **Kurnool Ultra Mega Solar Park** is a solar park in Panyam mandal of Kurnool district, Andhra Pradesh.
- Kamuthi Solar Power Project is a solar park in the state of Tamil Nadu, India.
- **Bhadla Solar Park** is one of the largest solar parks in Bhadla, Phalodi tehsil, Jodhpur district, Rajasthan, India.
- **Sakri Photovoltaic solar energy project** is a 125 MW solar photovoltaic power plant. The project was developed by Mahagenco in Shivajinagar in Sakri taluka of Dhule district in Maharashtra, India.
- **Banasura Sagar Dam Floating Solar Power Plant** is India's largest ever floating solar power plant is located in Kerala and built on the Banasura Sagar reservoir in Wayanad.
- **Pavagada Solar Park** is a solar park in Pavagada taluk, Tumkur district, Karnataka.
- **NP Kunta Ultra Mega Solar Park** also known as Ananthapuram Ultra Mega Solar Park, is a solar park spread over a total area of 7,924.76 acres in Nambulapulakunta mandal in the Ananthapur district of the Indian state of Andhra Pradesh. It was commissioned in May 2016, and is owned by Andhra Pradesh Solar Power Corporation Private Limited (APSPCL).
- **Rewa Ultra Mega Solar**, Madhya Pradesh is the first solar project in the country to break the grid parity barrier. It is one of the largest solar power plants in India and Asia's Largest Single site solar plant. Rewa Ultra Mega Solar Limited (RUMSL), the implementing agency of the project. The project got the World Bank Group's President's Award for excellence for its transaction structure.
